While it is important to ensure that participants have sufficient knowledge and background to make the course worth their while, this information will also help us to present the course in a way that will compliment participants' individual knowledge, background and goals.

Keep in mind that the basic prerequisites are prior certification or training in anatomy, and prior background and experience with horses. You don't have to be a 30 year veteran to take this course.

1) Please list any equine therapy schools, study or related courses you have attended or are certified in, and when.

2) Are you certified in any human therapies, and in what areas do you specialize?

3) Any veterinary or medical background?

4) Are you already practicing your therapy, and for how long? Are you full-time, part-time, or student?

5) Are there any specialized areas or alternative therapies that you have experience or special interest in (for example, cranial sacral, acupuncture-pressure, myo-fascial)?

6) What is your experience and area of interest with horses?

7) What do you wish to accomplish with this course: What are your goals?

8) Anything else you would like us to know or that you would like to know about the course?
